FLAMES CAUSE TWO SMALL-SIZED PANICS.

A CLERK STARTS A BLAZE BY STEPPING ON A MATCH AND IS SEVERELY BURNED.

A curtain was blown against a gas jet in th y goods shop of Charles Wagner, at No. 337 Grand-st., at 7:30 p. m. yesterday, and flames spread quickly in the store. The customers and fifteen saleswomen fled from the store and one woman fainted. The flames spread to the drygoods store of Saul Brothers in the adjoining building, No. 335 Grand-st., and caused another panic there. Two alarms were rung to call the firemen, but the fire gutted both stores. The losses were said to be \$5,000 in Wagner's store and \$10,000 in the store of Saul Brothers. The damage to the building did not exceed \$1,000. The damaged property was in-

About the same time there was an accidental fire in the paint shop of D. P. Bosworth, at No. 173 East Eighty-fourth-st. Frederick Friedenburg, a clerk employed there, trod on a parlor match as he was pouring some oil from a measure, and thus started the flames. He was burned seriously before he could escape from the shop. Men in the street tore the burned clothes from his body, and he was sent to his home in Eighty-third-st. The flames spread to the bakery of S. Saifield and to the grocery of H. Pottberg, but the entire damage did not exceed \$2,000.

## THE PRINT CLOTH MARKET.

Fall River, Mass., Sept. 2 (Special).-The print cloth market has improved a little during the week as compared with the exceedingly dull weeks have just passed. The sales jumped from 20,000 to 74,000 pieces, and owing to a great cur-tailment of production the stock on hand was decreased. Some few future sales were made on a basis of 2% cents for 64x64s, at which figure there is no profit to the mills. A reduction in wages of from 10 to 15 per cent will go into effect on September 11. The operatives trades unions are agitating a strike, but nothing definite will probably be determined upon until next Friday. night. The statement: Production, 95,000 pieces; deliveries, 117,000; stock, 458,000; last week's stock, 480,000; sales, 74,000, of which odds were 48,000, 64x64s 25,000, spots 45,000 and futures 29,000. Sales for weekly deliveries: September, 53,000; October 25,000; November, 20,000; December, 16,000; January, 6,000; February, 4,000; March, 4,000; April, 4,000. The market is steady, and the price is 234 cents for 64x64s.

THE FINALS ALREADY REACHED.

F. H. LAWRIE AND J. P. PARET WILL FIGHT FOR THE MEDAL OF THE STATEN ISLAND ATHLETIC CLUB'S TOURNAMENT.

The preliminary rounds of the tennis tournaplayed yesterday afternoon at West New-Brighton, Staten Island. The finals were reached, and the survivors, Paret and Lawrie, will play on Mon-day, the final match being one of the features of the club's Labor Day carnival. A gold medal will go to the winner and a silver medal to the runner-

The feature of the day's play was the excellent playing of Paret, who disposed of Price. John Ho-bart and Wemple in rapid succession. His match with Hobart brought out the best playing of the day. After losing the first set to love by wofully weak play, he seemed suddenly inspired, and by steady and sound playing took the next two sets, in spite of some good work by Hobart. Thomas defeated Walker by superior staying powers. The latter player showed excellent form in the first set, but played listlessly toward the finish. Lawrie finals without losing a set. Summary:

HE STOLE MONEY, FORGED ENTRIES AND FLED The police are searching for Frederick C. Bicking, the cashier for the branch store of Browning, King & Co., at Third-ave. and One-hundred-and twenty-first-st., who disappeared on August 19.
An examination of his books has shown that Bicking had been stealing money from his employers for several months previous 50 his flight. He had taken sums of money amounting to about \$4,000, and had tried to conceal the thefts by forging false entries in the books. When he went away he also took about \$500 from the safe and \$466 which had been intrusted with him for the payment of the rent of the store. Bicking was about twenty-two years old and lived with his parents at No. 595 Park-ave., Brooklyn. The American Casualty Insurance and Security Company had furnished a bond of \$2,000 for him. It was said yesterday that Bicking was believed to have lost most of the money that he stole by betting on the races. He was the treasurer of the Night Owl Club, which meets in the basement of the house No. 156 Allen-st. One method which Bicking

Their graces Archbishop Feehan, of Chicago; Archbishops nessey, of Dubuque, and Ryan, of Philadelphia, represented the Hierarchy of the Church, but a score of priests and members of religious orders sat on each side of the distinguished prelates. In the body of the hall an impressively solemn scene was presented by several hundred white and black robed nuns of various orders. The rest of the hall was filled with laymen and women belonging to the The following programme was carried out: American Republic March (Thiele), Cincinnati Band; welcome address, Archbishop Feehan; re-sponse, Dr. Peabody, Chief of Liberal Arts; "The

terday Henry George spoke on "Labor and Taxa-tion." Mr. George inveighed against the man who buys land and leaves it idle until the growth of the community increases its value. He called such an individual a "useless animal, who aims to obtain more money from its lying dormant than he would by permitting labor to utilize it." He advocated the absolute stoppage of land speculation and the opening of all lands to labor. He was repeatedly interrupted by the applause of his hearers, many of whom were delegates to the Single Tax Congress. Professor R. T. Ely, of the State University of Wisconsin, read an interesting paper on "Natural Monopolies and the Workingman." Laurence Gronlund, of New-York, a Socialist of the mild school, followed with a paper "Public Management of Monopolies." J. Sullivan, of New-York, made the closing address on "Labor and Legislation."

There was a good attendance at yesterday's session of the Single Tax Congress. A. H. Stephen-son read a paper on "The Single Tax and Commercial Crises." N. O. Helson, of St. Louis, spoke on "The Single Tax and Co-operation," and addresses were made by Judson Grinnell, of Detroit, and R. E. Hoyt, of California.

Professor J. W. Jenks, of Cornell University, read a paper on "Capitalistic Monopolies and Their Relation to the State," before the Congress on Social and Economic Science, Eltweed Pomeroy presented an address on "The Progressive Taxation of Inheritances." Papers were also read by Professor J. W. Burgess and Professor E. J. James. The Congress then adjourned sine die.

Sir Oliver Mowat, Premier of the Ontario Liberal Government, who has been in power for twentytwo consecutive years, and John Dryden, Canadian Minister of Agriculture , were visitors at the Canada Pavilion to-day. Premier Mowat came from an extended tour of the northwest part of the Dominion which was recently in dispute between the provinces of Ontario and Manitoba. Sir Oliver is the guest of Commissioner Awrey, M. P. P., of Ontario, and will remain here with Minister Dryden for several days. A reception will probably be tendered to Sir Oliver and the Minister of Agriculture next week at the Canada Pavilion.

The Treasury Department at Washington proposes to force the National Commission to adjourn and it has signified such intention in an emphatic manner. Secretary Dickinson, of the Commission, yesterday received official notice from Washington that the letter recently sent to him by the Acting Secretary of the Treasury advising the Commission to spend no more money, was dictated by Secretary Carlisle, and informing him that no more wouthers for the per diems of the Commissioners would be paid. NEW-JERSEY ATHLETIC CLUB AHEAD.

IT STRENGTHENS ITS PLACE IN THE CRICKET LEAGUE BY AN EASY VICTORY AT

BERGEN POINT.

The tie for the cricket championship of New-York has at last been broken, and the New-Jersey A. C. stands out with a clear lead for the trophy which the Metro-politan District Cricket League offers to the winner. They gained their position yesterday at Bergen Point, where a large crowd, in expectation of seeing a well contested match, gathered to witness the play.

The Staten Island C. C. did not, however, show up so

well as expected, and the Jersey men gained a rather easy victory by eighty-three runs and two wickets to spare. C. H. Ellis was the hero of the occasion, bowling and batting in excellent style. The score;

In discussing politics or religion, the disputant who is in the right (and, of course, all those on both sides invariably are!) frequently confronts an argument or a question that he cannot meet, and has to "hedge" as best he can. Smith believes in the efficacy of prayer; Jones is a scoffer. After a long debate one day, Jones said:

"If you believe that prayers are answered, if offered in faith, what would be the result if all the chaplains of two opposing armies, on the eve of a battle, should pray earnestly for victory? Both sides couldn't win, of course. How would the Lord fix it?"

Smith looked thoughtful, and then suggested that He could exercise His prerogative as referee, and call it a draw. Soston Budget.

GAMES IN OTHER CITIES.

Boston, Sept. 2.-If Breitenstein had not been wild today he would have made it interesting for the Bostons, as they made only six hits; but he gave eight bases on balls, which caused St. Louis to bite the dust. Nichols pitched easily but effectively. The champions put up a beautiful fielding game. Crooks and Goodenough played in fine form. Umpire Mullen was satisfactory. At-

the home team this morning. While Esper pitched a better game than the score shows, his bases on balls, errors by his fellow players, and timely hitting allowed the home team to pile up its runs. Killen was effective when men were on bases. The score:

DAUNTLESS AND RAMONA DID NOT START-QUEEN MAB BEAT KATRINA AND BEDOUIN.

It was a great day for yacht racing on the Sound yesterday, and the northwest wind sent the yachts of the Larchmont Club flying over the blue waters in a quick and dashing race. There were twenty-six yachts of all classes entered in the regatta, and of these the cutter Bedouin was the only one which carried her club-topsail over the course. The Queen Mab carried hers half of the way, and then took it in, and set her working topsail. The small boats got into troublous winds and seas when they reached over toward the Long Island shore, and most of them came home well reefed down. There were several minor accidents ing the small boats, that which happened to the Pyxie being the most worthy of note. She was a probable winner in her class, but near the Hemp stead Harbor buoy carried away her bowsprit, and,

being thus put out of the race, was towed home. The Dauntless and Ramona had been entered in Class A of schooners, but neither of them started. The Dauntless tore her mainsail in the blow last week and it was not yet repaired. The Ramona had been on the rocks and was not in racing condition.

The Lasca also did not start, her entered antagonist not being present to sail against her. The Huron not starting, the Queen Mab went up into the class above and raced against the Katrina and

The starting signal was given at 11:10, and the schooner Viator was the first to cross the line, Next to her came the Triton and then the Peerless. The Queen Mab was the first over of the sloops. The Katrina and Bedouin made bad starts of it and were heavily handicapped.

Of the smaller sloops the Daffodil was over first and the Susie W. second. Then came the Tabitha, Folly, Eurylia, Kathleen and Audax, the rest following at times which will be shown by the table. The wind blew freshly from the northwest at the start, but hauled a little more to the northward before the finish. The water was smooth until the yachts got well out into the Sound, when a choppy

\_\_\_ NAPHTHA LAUNCHES FIGHT FOR VICTORY. FOURTEEN BOATS IN A RACE AT HORSESHOE

HARBOR-WINNERS OF THE PRIZES. There was an exciting race of naphtha launcher at the Horseshoe Harbor Club yesterday afternoon, in which fourteen boats took part. The boats were divided into three classes. Class A was for launches

under twenty-three feet water line; Class B for those of twenty-three feet and under thirty feet, and Class C for those of thirty feet and over. There were a first and second prize in each class and a special cup for the launch making the fastesi time over the course. The course was a triangular one, and the launches went over it three times. The distance was nine nautical miles. The judges were Pierre Noel, John Nellson and George C. Murray. C. S. Gaubert was timekeeper, Vice-Commodore B. C. Sackett was clerk of the course and the scorers were J. R. Hull and G. W. Plum. The race was started on the advertised time to a second, which is something seldom seen in yacht-

ing regattas nowadays. The Class A was started at 3:03, Class B at 3:11, and Class C at 3:19, In Class A the Olga won, with the Elsle second and the Aline third. In Class B The Wake was winner, with The Imp second and the Kraken third. The Adroit won in Class C, with the Cleopatra second. The Cleopatra made the fastest time over the course. The time of the race was a
